NeuroMonk Infotech

Overview

The purpose of this website is to provide an informative Website, and Android and IOS applications.

Limitation

1. Website data can't be used for mobile development as the code written has limitations till the web itself.
2. Any new development of QR code and association would require assistance from the previous developer and permissions are restricted and can be developed with a website view only.

Features

1. QR code-based registration and attendance.
2. Digital ID Card
3. Association registration and redemption
4. Android and IOS user-friendly designs.
5. Tracking of each person's payment and attendance for the event.
6. Push Notifications
7. Generate attendance document for uploading to ICAI.

Goals

1. Website
2. Android & IOS Members Application
3. Admin Webapp
